Porti®
Door opening restrictor

Doors are securely stopped & held!

- / Protection for door and frame: Stop and hold function with adjustable end position
- / Barrier-free & hygienic: Safe door environment without tripping hazards thanks to floor door stops & easy cleaning of surfaces and floors
- / Design-oriented: Concealed installation and flexible color adaptation
- / Space-saving: Slim lever arm allows use even with minimal frame clearance
- / Easy installation: Suitable for timber and glass doors, also for retrofitting
- / Tested durability: In accordance with DIN EN 13126-5, Class 4
